

INTERRUPTER THERMOCOUPLES - LEADS - ACCESSORIES

Almost all gas burners, and also other equipment, use thermocouples with an interrupter which when connected to a disc thermostat act as their safety system.

The thermocouples illustrated below are compatible with most popular interrupter thermocouples and therefore ideal as spares replacements. These are the types available ex stock but please contact us should you wish to discuss any variation (length, joints, fittings, etc).

"ST" Joint - M 9 x 1 fitting - 750mm approx. cables

Code 917 710 60	Length 600mm	£ 4.45
Code 917 710 90	Length 900mm	£ 4.95
